The Body, Revised Edition: A Complete User's Guide (Hardback)

By Patricia Daniels

National Geographic Society, United States, 2014. Hardback. Condition: New. Revised ed. Language: English. Brand new Book. A comprehensive home reference for families, students and individuals interested in their health, this fully illustrated, easy-to-understand new edition includes the most up-to-date information about the human body, plus tips for keeping your body healthy and strong. Created in collaboration with a panel of medical experts, The Body features the latest information about the inner workings of the human body and its vital systems. Packed with plenty of how-to tips to stay healthy and illustrated with more than 300 color photographs and diagrams, this book is beautiful, authoritative, and informative. Engaging text reveals the complex and fascinating systems of the body: from the cells to the skin, from the circulatory system to the nervous system, and much more. Head-to-toe structural and anatomical details complement helpful diagrams, how-to health tips, "Did You Know?" fact boxes, informative charts, and illustrated sidebars. This dynamically designed colorful reference features a unique combination of compelling images including archival photos, as well as the modern marvels of 3D and 4D images, taken through powerful telescopes, ultrasound, and molecular surveillance. Find out how much money people spend annually on Botox, the...

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- Beverly Hoppe

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my dad and he suggested this ebook to discover.

-- Adela Schroeder II
